MOTAVI WORKS

About Us

MOTAVI WORKS SDN BHD (774169-X) is an established ENGINEERING PROCUREMENT CONSTRUCTION (EPC) and M&E firm registered with the Construction Industry Development Board (CIDB) Malaysia. Currently, we have offices in KL and PJ with views to expand to other regions.

Founded in 2007, we have completed projects for various industries such as power plants, residences, factories, hotels, offices and restaurants.

Our Vision

“LEADING EPC & M&E CONTRACTOR EXCEEDING THE EXPECTATIONS OF OUR CUSTOMERS”

As a specialised firm, MOTAVI relies on a strong relationship with industry players to provide top-notch services in all areas of construction, ranging from earth works to installation fittings.

MOTAVI has a unique expertise in delivering cost effective, yet inclusive, solutions that integrate and meet the stringent needs of our customers.

We provide wide range of specialised services such as:

- Mechanical & Engineering Works
- Electrical Works
- Security Systems
- Civil and Structural Works
- Earth Works
- Fire Fighting Systems
- Construction scrap & recycling (Motavi Metals Sdn Bhd)
- Painting & Coatings (Kansai Paint)
- Air Cond Works
- Digital Signage
- Safebox & Minibar Supply (Hotels & Commercials)
- Pest Control Services

Over the years, MOTAVI has forged a successful reputation as a reputable, reliable and renowned engineering procurement construction firm that provides high quality work in the construction industry.

Due to our extensive and admirable track record, MOTAVI has being entrusted with delivering key components of large scale projects such as the Jimah Coal-Fired Power Plant Project in Negeri Sembilan which is collectively worth millions.

Our organisation takes pride in providing quality service to all our customers. We implement various measures to ensure quality performance delivery aimed at exceeding our customers' expectation. We are ever ready to embark on new ventures to share our experiences and skills. Thus, we look forward to offer our services to you.

Key Personnel

Matthew T. Nekvapil
Chief Executive Officer
Director

Bachelor of Business
Victoria University (Australia)
NanKai University (Tianjin, China)

Matthew T. Nekvapil is a serial entrepreneur and visionary. Holding a degree from Victoria University, Melbourne, Australia in international trade as well as a Chinese language degree from NanKai University, Tianjin, China, he has setup companies from zero and built them to what they are today. Most notably Geocycle Malaysia which is a joint venture with the world's largest cement and concrete manufacturer, Holcim which handles waste management in Malaysia. The maiden project was handling fly ash removal from a coal fired power-plant to inter-grind with cement. This produces a lighter and stronger cement and protects the environment from ash dumping. Another company that is also included in waste management and more into the plastic and metals recycling that he setup is Sri Aman Ventures. This company handles Samsung's waste management at their LCD plant in Senawang, Malaysia.

Matthew successfully took over Motavi Sdn Bhd and turned it into a major trading/supply company in the field of sporting equipment as well as hotel equipment. Motavi Pte Ltd was setup in Singapore to handle international trade ranging across a whole range of products from chemicals to equipment with customers from Russia, Finland, South Africa to name a few countries.

In 2008 Motavi started to distribute and install hotel safes and mini bars throughout Malaysia, Singapore and Brunei which has proven to be very successful.

Motavi Works is an electrical engineering company which was setup to handle construction projects.

He is also the special projects coordinator for Holcim Malaysia.

In his spare time, Matthew enjoys stock and property investing, reading, jogging and spending time with his wife.

He is a member of the Entrepreneur's Organization, Malaysian Chapter.

Key Personnel

Kalaimugilan

Chief Operating Officer

Bachelor of Science

Electrical & Electronic Engineering

University of Hertfordshire (UK)

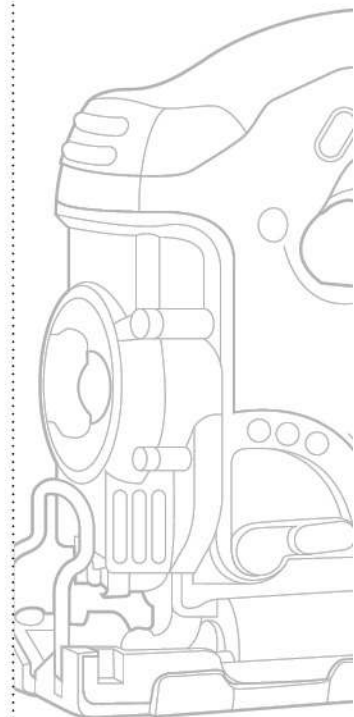

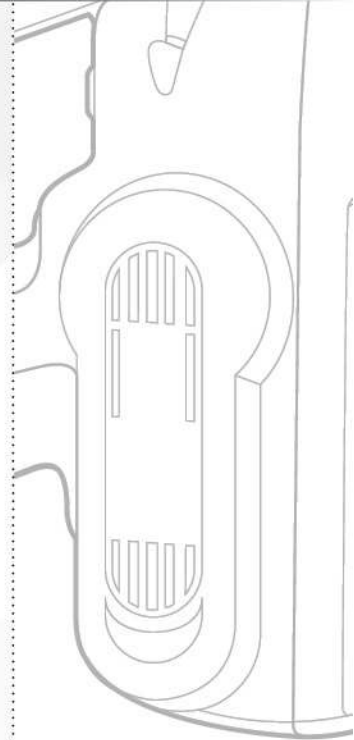

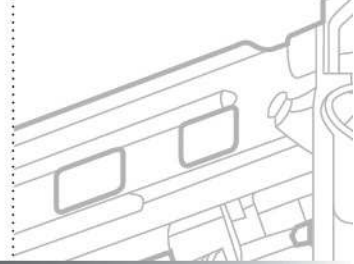

Mr Kalaimugilan, a Malaysian aged 35, is the COO of Motavi Works Sdn. Bhd. He was appointed as a Director of the company since 2007.

Mr Kalaimugilan holds a BSc Honor's Degree in ELE/ELEC ENG'R from University of Hertfordshire (UK).

He is very capable and has vast experiences in numerous fields such as Security & PA systems, M&E works & Constructions based fields.

He was trained by CISCO Singapore in 2001 to deal with all kind of Security aspect systems. Under his full supervision & jurisdictions he completed (1200 units) of mix development project with alarm & CCTV system linked to CMS at Menglembu, Ipoh. Perak. (Independent developer JV with state government)

In Motavi Works, he heads the Overall Project Team. He is directly involved in Lobbying, Planning, Implementation & other related matters until completion of said projects.

Key Personnel

Ivo Raeto Nekvapil **Advisor**

MIHR(MICASA INTERNATIONAL HOTELS & RESORTS) S/B was set up in October 1990 & Ivo was appointed the Managing Director. It was a joint venture between Ivo & Tan & Tan Developments Berhard, to start up their new International Hotel Chain which was the brainchild of the founder Dato Tan Chin Nam.

Ivo was the Consultant to Tan & Tan to set up and open Micasa KL from January 1988-June 1988.

He was then asked by the Government & Tokyu Corporation to run the Pan Pacific KL from May 1988 -January 1991. The highest profit for the hotel was achieved by his team in that period! (That record still stands today!!)

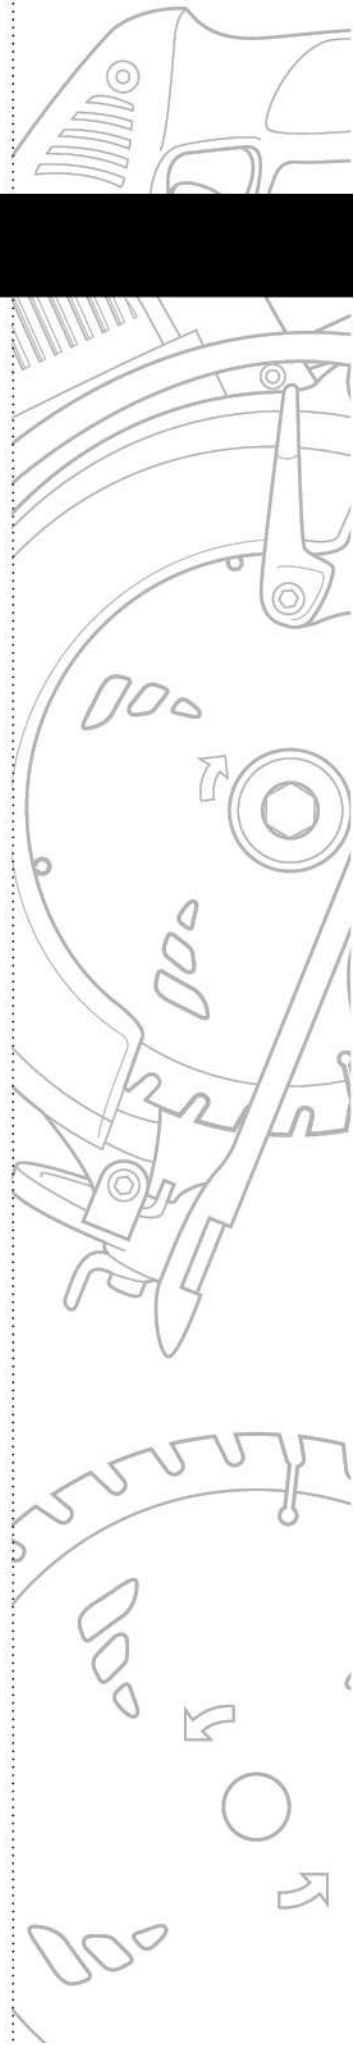

He then returned to Tan & Tan, and opened the second wing of 100 suites at Micasa, (now 244 suites) the Trebotti Italian Restaurant & Pazzo's nightspot. He was part of the team to open Cilantro, securing the services of Chef Ken from Sydney's famous Tetsuya's Restaurant in Sydney, who made Cilantro what it is today- KL's leading Fusion Contemporary Restaurant (with world reviews)-and its present chef who continues and uphold Cilantro's reputation has himself a one star Michelin rating!

Ivo set up MIHR Consulting S/B in 1996, and sold his share in MIHR S/B fully at end 2006, after MIHR S/B was made dormant and sold to KLCCB/Nomad S/B in 2007 due to a rationalization between Tan & Tan/IGB>MIHR S/B>Cititel Management S/B.(CHM)

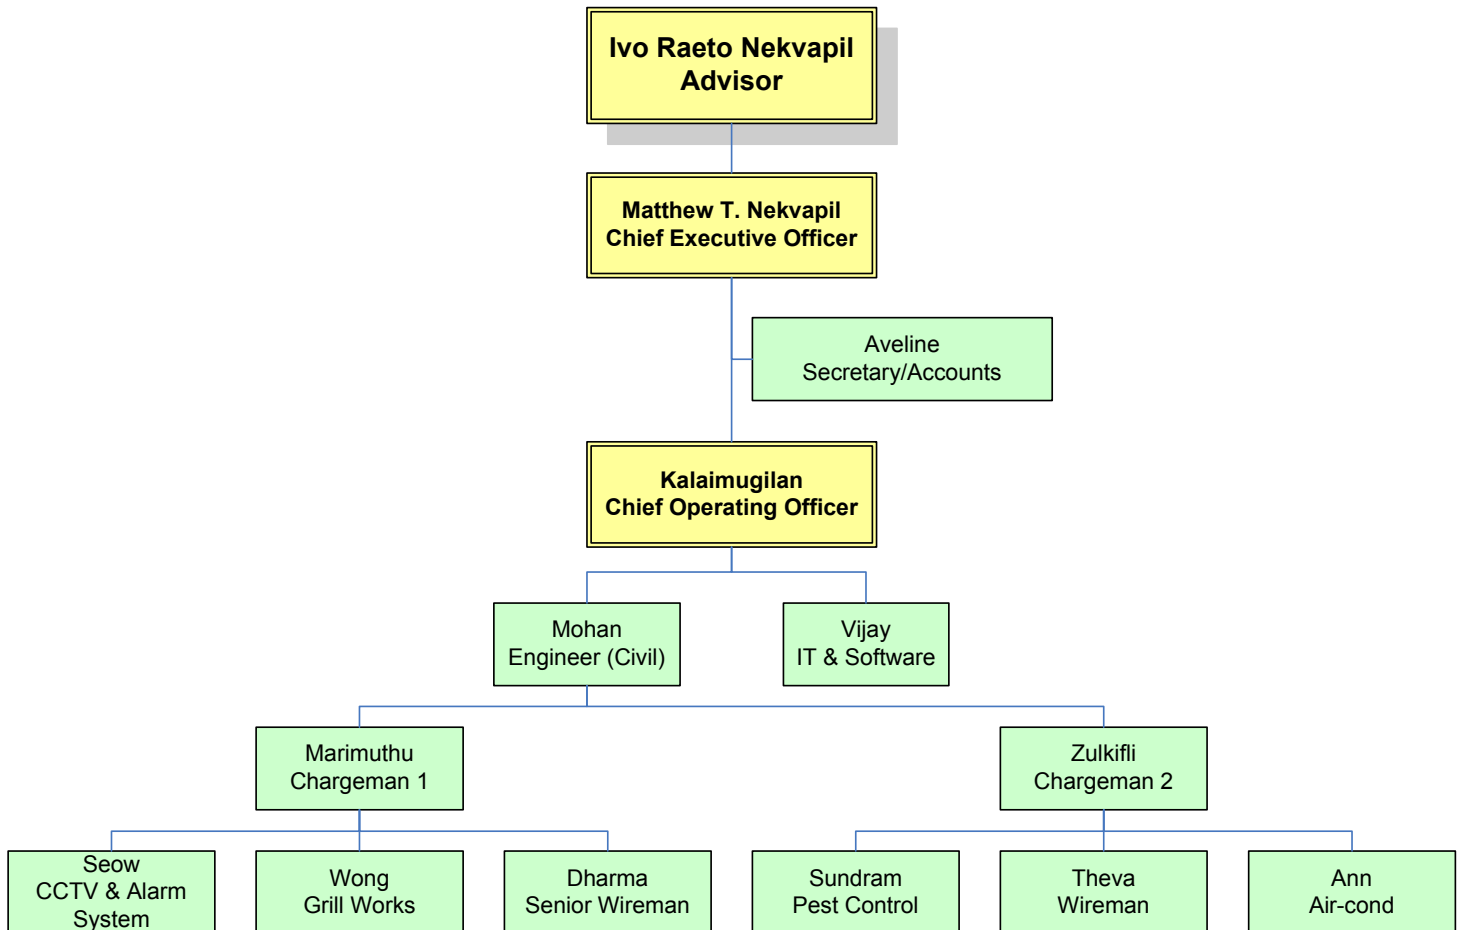

Ivo now operates under MIHR Consulting S/B (Motavi International Hotels & Resorts) owning 100% of the company; as well MOTAVI S/B.

Ivo was appointed the prestigious-Honorary Consul to Malaysia - (JB)-for the Czech Republic (his origins) in the year 2000- to 2009.

In March 2009 Ivo was recognized for his services to the Czech Republic as an Honorary Consul to Malaysia (JB) by being awarded the prestigious "Silver Medal" from the Ministry of Foreign Affairs-2000>2009

To whom it may concern,

This letter serves to certify that Motavi Works Sdn. Bhd. was the supplier of our in-room safes (Safemark) and our minibar fridges.

We found Matthew Nekvapil and his team to be efficient and reliable on their quotation/tender process. They also delivered and installed the safes and minibars on time and with a minimum of fuss. After sales service has been good where required.

I can recommend Motavi Works as a reliable and well organized supplier to the hospitality industry.

Your sincerely,

Digital Signage – Content Management System

SurePlay

SurePlay is a professional, yet easy-to-use digital signage tool that provides information, entertainment and advertising solutions for your target audience at a precise location and time.

It helps you create, manage and monitor high impact dynamic content in your digital signage network.

SureDesigner

SureDesigner allows anyone to create professional and attention grabbing content using a set of application specific built-in templates. Easily choose from 50 built-in flash templates that support live video and text feed to create your contents.

Reliable

Offers you 24/7/365 playing capability even when your network is down.

Comprehensive

SurePlay integrates designer, scheduler, tracker and player in a single component.

User friendly

Its easy to use interface allows you to create your content and publish it within minutes.

Scalable

It enables you to handle thousands of displays throughout your network.

Remote tracker

Real time viewing and monitoring of contents being played in multiple displays.

Security

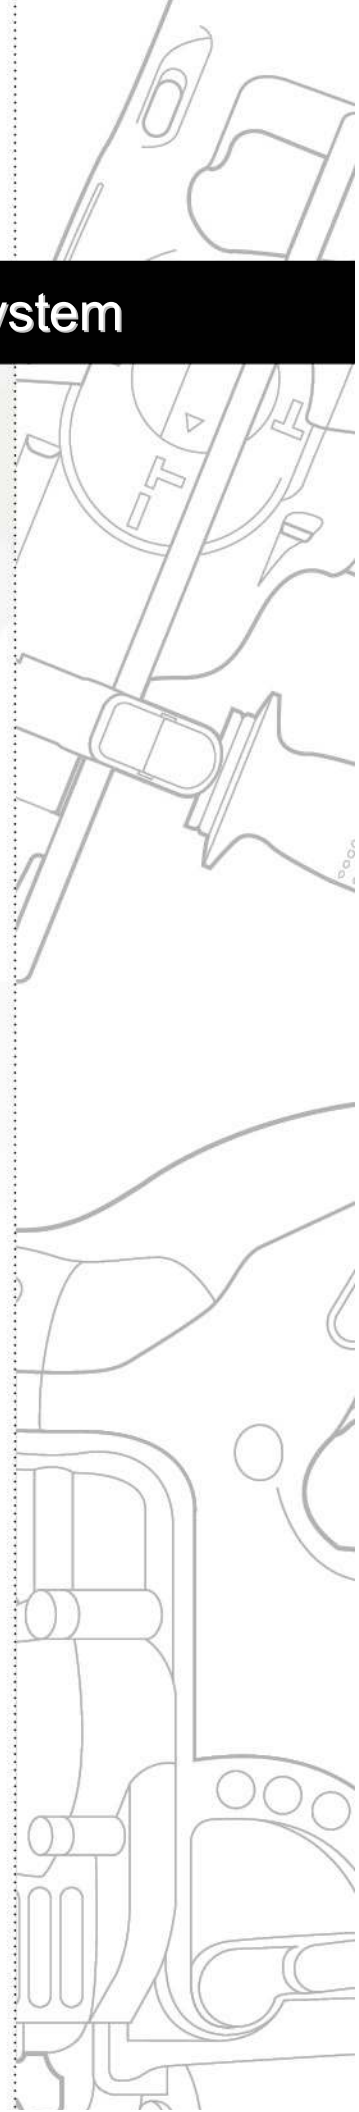

Assigns different permission levels to different user groups.

Cost-effective

It's affordable and gives you real return on investment.

You can either easily import your own contents into SureDesigner which supports various media formats (BMP, JPEG, SWF, AnimGif, WAV, MIDI, MP3, WMV, AVI, MPEG, QuickTime, PowerPoint and more) or use our built-in templates ranging from retail to hospitality. It also allows you to preview your contents.

Digital Signage – Content Management System

SureScheduler

You can schedule your contents for a single player and multiple groups of players by time, date and location. It provides real time update and flexible editing of schedule with its intuitive interface as well as visual representation of schedule.

Feature Highlights :

- Content Preview
- Easy View of Past, Current and Future Schedules
- Drag & Drop of Contents
- Force Update
- Reusable Schedule
- Custom Schedule Playlist

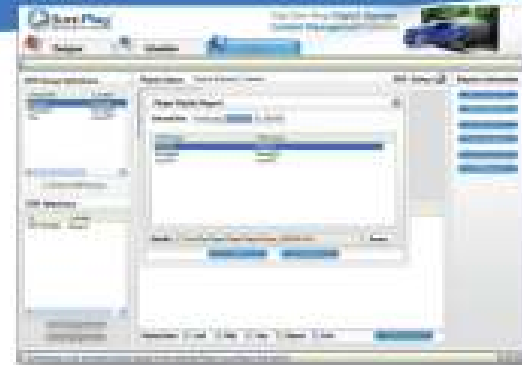

SureTracker

SureTracker allows you to monitor and track contents in your digital signage network. It gives a detailed log report of each player's content status. It also provides comprehensive, intelligent reports on the followings:

- Player Contents
- Player Playlist
- Content Status
- Schedule Status
- Content Inventory

The unique feature of SureTracker is its ability to offer a Live view of each display's content using Remote Tracker Service.
